

Welcome Ministry Annual Meeting report, 2020

Good Morning and Happy Epiphany,

What a year 2020 was. We started the year with hopes and plans for our beautiful ministry. Then, they suddenly plummeted. We all joined our ministry because we loved our mission to meet and greet our church visitors and to make them feel they had found their church family. In mid March, our lives were turned upside down by something we had never experienced. Many of us joined the phone ministry-making calls to our fellow parishioners to make sure no one felt left out. Just because our doors were closed, didn't mean we stopped doing for others.

On January 24, we will have our annual Parish meeting. Your comments concerning our ministry would be greatly appreciated. Just because we are not standing outside meeting and greeting, doesn't mean we don't exist. Keep your comfortable shoes handy, because one day they will be much needed when our doors open wide.

In the meantime, stay safe and stay well. Blessings to you and yours,

Nancy Dennis
